RAMMSTEIN

PARIS

THE BAND: FOUNDED IN EAST BERLIN / GERMANY IN 1994.

In the course of the past 2 decades, RAMMSTEIN have risen to the apex of the great rock pyramid, achieving album and DVD sales in the millions, headlining major festivals and playing big venues around the world (including New York's Madison Square Garden, a show that sold out its 18,200 tickets in under 30 minutes!), establishing themselves as peerless master showmen with an approach to their art – and 'art' is the word – that is dramatic, epic in scale and capable of touching all of the senses; a dark and spectacular fairy-tale laced with controversy, don't-try-this-at-home theatrics, plus the all-consuming aroma of benzine.

THE DIRECTOR:

Renowned Swedish director Jonas Åkerlund has made his mark with his distinctive storytelling and visually driven signature style that often pushes the boundaries of the status quo. He is an internationally awarded director of music videos, commercials, documentaries, concert films, stage shows and feature films.

Jonas' music videos have earned him several Grammy Awards, an Icon Award, MTV Video Music Awards (including Best Director) and the prestigious MVPA Hall of Fame Award.
